ABOUT ME

After nearly 14 years in the restaurant industry, I am now pursuing a career in software development. Through applying the things I love about working in restaurants to software development, such as problem solving, effective time management, collaboration and adaptability, I have found a totally new career path that I am both passionate and excited about.

EDUCATION

VANDERBILT UNIVERSITY CODING BOOTCAMP

2020 | Six Month Full Stack Web Development Course

BAR Smarts

2018 | Certified BAR Ready

EXPERIENCE

2017-2018 BUFFORD RESTAURANTS BEVERAGE DIRECTOR

- Managed wine, spirits and beer inventory for all restaurant locations.
- Orchestrated on-going training of new and current employees on front-of-house operations.

2016-2017 EAT RESTAURANT PARTNERS BAR MANAGER

- Organized staff training and menu development for opening of new restaurant locations.
- Managed alcohol related inventory operations and maintained appropriate cost levels.

2014 TOAST BAR MANAGER

- Performed weekly beverage inventories and ordered accordingly.
- Formed relationships with beer, wine and liquor representatives and coordinated brand related events.
